Physical chemistry in the service of medicine: Seven Addresses

Any investigation that concludes that a document comes from one source versus another based on metadata overlooks the similar capacity of a man with a gun that shoots another man killing him and then wipes off his fingerprints from the weapon, places the gun in the hands of the victim and claims after a "careful investigation" that the death was a suicide based on the fingerprints found on the gun.

Baby Got Back

The author continues to elaborate on the relative high numbers of Jewish students in the Julius-Maximilians-University. Students, practitioners and researchers alike will benefit from the book's rigorous, but unfussy, approach to technical issues.
